Material Safety Data Sheet Section 1. Chemical Product and Company Information			SPARKLE	
Trade Name:	SPARKLE	ormation		7
Product Type:	Acidic Detergent			
Manufacturer:	Quest Transportation Technologies			
	By Pas International Corporation			
	3333 Production Court			
	Zeeland, MI. 49464			
	1-800-346-1028			
Date Revised:	June 26, 2009			
Emergency Phone:	1-800-424-9300 (Chemtrec)		TRANSF	PORTATION TECHNOLOGIES
Section 2. Compos	ition, Information about For	mulation Ing	gredients	
CAS Number:	Name:	% (optional)	UNITS (TLV)	Sara 313 Reportable
Mixture	Proprietary Blend of Organic Salts		NE	No

Section 3. Haz	ardous Identification	
Emergency Notification	on: None	
Product Overview	Causes skin and eye irritation.	
	Harmful if swallowed.	
Potential Health Effe	<u>cts</u>	
Eyes: P	roduct will cause severe damage if not treated immediately.	
	/ill cause dryness or rash at high concentrations.	
	oncentrated product mists are irritating to the respitory system and will cause nausea.	
Ingestion: P	roduct may cause nausea or dizziness. Harmful to internal organs.	
Section 4. Firs	t Aid Procedures	
Eyes: Fl	lush eyes immediately with cool running water. Remove contact lenses and continue	
flu	ushing for another 10-15 minutes. Get medical attention immediately!	
<u>Skin:</u> Fl	lush area with plently of cool water for 10-15 minutes. Remove affected clothing and wash	
a	rea under affected clothing for 10-15 minutes. Wash clothing ariticles before reuse.	
C	ontact a physician if any irritation persists or sores appear.	
Inhilation: R	: Remove person to fresh air immediately. If not breathing administer CPR. If breathing is difficult	
gi	ive oxygen and get medical attention.	
Ingestion: R	inse the mouth, then drink 1-2 large glasses of water. Do not induce vomiting.	
N	ever give anything by mouth to an unconscious person. Get medical attention immediately.	
Section 5: Fire	e Fighting Procedures	
Special Hazards Noti	ification: Reacts with concrete produces hazardous fumes.	
Fire Fighting Media:	Use water spray (fog), foam, dry chemicals or CO2.	
Instructions:	Dike area of fire to contain and prevent product run off.	
	Product will not burn. Treat area as for surrounding fire.	
Special Equipment N	leeded: Fire fighters should wear chemical resistant equipment in case of spill and a	
	self contained breathing appartus with face shield in case of product spatter.	
Section 6: Acc	idental Release Measures	
Personal Precautions	s: Wear chemical resistant gloves, splash proof eye wear and protective clothing	
	before attempting to move contaminated containers. Stop leak if no risk is involved.	
	Dike spills and prevent the product from entering sewers, basements or confined areas.	
Enviromental Precau	tion: Prevent this product from entering natural waterways or the ground.	
Clean Up Procedures	s: Neutralize area with a 15% Soda Ash Solution. Recover material and place into sealable plastic	
	containers. Flush remainder with water to a sanitary sewer system. Comply with local, state and	
	federal regulations for reporting spills. (See also Section 13).	
Section 7: Har	ndling and Storage	

<u>Handling:</u>	Do not get product in the eyes or mouth. Keep container sealed when not in use. Avoid breathing strong product mists. Wear chemical resistant gloves, eye protection when handling contaminated containers.
<u>Storage:</u>	Keep container lids closed when not in use. Keep out of the reach of children. Store in room temperature and out of direct sunlight. Open lids slowly to release pressure. Best if used within 2 years of manufacture date. Consult with your representative should product be beyond the manufacture date.

Section 8. Personal Protection

Personal Protect	<u>ction:</u>
Eyes:	Use splash proof goggles or glasses. In case of areas where product may splash or drip use a full face mask.
<u>Skin:</u>	Use chemical resistant gloves for the hands, and use a synthetic apron to prevent further skin contact from splashing.
Respitory:	None normally required. In case of strong product mists or using in confined spaces select and use an OSHA approved breathing appartus for product mists.
<u>Ventilation:</u> Other:	Local exhaust. Make sure eye wash and shower station is near by the area in case of emergency.

Section 9. Physical	and Chemical Properties
Product State:	Liquid
<u>Color:</u>	Aqua
<u>Odor:</u>	Detergent
<u>pH @ 100%:</u>	<2
Boiling Point:	N/A
VOC's % by wgt:	0
Phosphorous % by wgt:	0
Flash Point °F:	None
Solubility in Water:	Complete
Specific Gravity:	1.03-1.06
Section 10. Stabilit	y and Reactivity
Stability:	This product is stable
Reactivity:	Reactive with strong oxidizers.
	Will degrade concrete where spilled.

Haz. Decomposition:	None known	
Section 11. Toxicological Information		
Overexposure Effects:		
<u>Skin:</u>	Dryness or rash.	
Eyes:	Will cause severe irritation and possible damage.	
Inhilation:	Mists may be harmful to the respiratory system.	
Ingestion:	Harmful to mucous membranes. Harmful if swallowed.	
Carcinogenicity:	Ingredients used are not known to be carcinogenic.	
Other Studies:	There is no other data available and no other studies have been performed on this product.	
Section 12. Ecological Information		

No Ecological Information is available on this product. However it is toxic or harmful to aquatic life.

All detergents used are readily biodegradable. Contains no phosphates or phenols.

Section 13. Disposal Considerations

Follow your local, state or federal regulations (contact DEQ) for proper disposal of chemicals. Small amounts of clean solution may be flushed with large amounts of water to sanitary sewer system.
